

Second Call for the International Multidisciplinary Conference "Challenges of Contemporary Higher Education" (CCHE) 2024

Distinguished researchers,

We are delighted to announce the International Multidisciplinary Conference "Challenges of Contemporary Higher Education" (CCHE) which aims to bring together researchers, academics, and scholars from various scientific fields and disciplines to share their unique perspectives on the multifaceted challenges and opportunities in contemporary higher education.

The conference is organised by numerous higher educational institutions from Serbia dedicated to fostering dialogue and collaboration in the higher education sector. These institutions are members of the [Conference of Academies for Applied Studies in Serbia \(CAASS\)](#) and invited institutions (conference organisers).

The conference will be held in Kopaonik, Serbia, from January 29th until February 3rd in a hybrid form, providing the opportunity for researchers from around the world to participate.

The CCHE 2024 conference is an excellent platform to present research, engage in thought-provoking discussions, and network with other professionals in the field.

The Scientific Committee of the conference comprises distinguished researchers and professors from around the globe, representing scientific fields that the conference encompasses.

The call for members of the Scientific Committee and reviewers is still open, and all those interested can apply for membership by emailing conference@cche.rs and contributing to the conference.

The call is also open **for authors and scientific papers**. The official language of the conference is English. Conference themes (Scientific Areas) are oriented towards the following scientific and artistic areas (and not only limited to them):

- Medical Sciences
- Mathematics, Computer Science and Mechanics
- Philosophy, Psychology, Pedagogy and Sociology
- Law, Economics and Political Sciences
- Electrical Engineering, Telecommunications and Information technology
- Mechanical Engineering and Industrial Software
- Traffic, Urban Planning and Construction
- Arrangement, protection and Use of Land, Water and Air
- Arts
- Biotechnology and Agriculture
- Language for Specific Purposes

The template for the conference paper can be found [here](#). The template for the PowerPoint presentation can be found at the following [link](#). We are expecting your papers no later than the 30th of November.

Additional information can be found on the [conference website](#).

Please register your article as well as your attendance at the conference using the [CCHE 2024 Conference Registration form](#). Register now and become part of the growing scientific community gathered around higher educational topics!

President of the Organising Committee
Prof. Dr Branko Savić
